Expelled from heaven for the sin of lechery, onetime angel Aldaraia finds herself alone in modern-day Hamburg, where she makes the acquaintance of an exiled demon named Bosch. Abandoned by their respective masters, these two outcasts must form an unlikely alliance in a dark and harsh world which is increasingly coming under the control of sinister beings from the realms of hell. Bosch must use all his demonic cunning, and Aldaraia all her remaining angelic power just to survive, before they can even think about fighting the embodiment of deepest evil...
