Panada and pulse-warmers, "swarrys" and pig-sticking, bleach greens and beetlers, penny dreadfuls and slate pencils - Mary's world might seem light years away to a contemporary child, and yet even those too young to remember any of it will be charmed and enthralled by her story.

Mary may well have been No Artist, No Singer - No Needlewoman even - but Other Days Around Me is already a treasured favorite for all those who know it.
