After Vespa, Syrus and Bayne defeated the Grue and restored order to their world, they thought their future was secure. Empress Olivia, committed to peace and equality for humans and Elementals alike, was a fair and just ruler. And the Creeping Waste had vanished for good, giving them hope for the first time. But rebellion is brewing in the far-off city of Scientia, and dark Elementals are plotting war in the ruins of New London. When a wave of unimaginable terror threatens to destroy everything in its path, Vespa, Syrus and their friends are plunged into a new swamp of intrigue, deception and magic---and the cost of survival may be more than any of them are willing to pay.
