FOR LIMITED TIME ONLY..\$4.95! 3 BOOK VALUE \$6.97 If you are wondering about the advantages of a raised bed garden, or indeed would like more information on the general construction methods; as well as good facts on what vegetables can prosper well in a raised bed garden - then this is the package for you. Spring is just around the corner - if it's not there already where you live - It's time to consider making your gardening efforts a bit easier and yet more productive at the same time! Gardening Books Included In This Collection: Book 1: Raised Bed Gardening - Ten Good Reasons For Growing Plants In A Raised Bed Garden This book contains ten compelling reasons, why you should consider growing your vegetables in a Raised Bed Garden - if you are not already doing so. If you are already growing in a Raised Bed - then it might remind you why you are doing it in the first place! Book 2: Raised Bed Gardening - Growing The Easy Way It's easy to see why growing vegetables in a raised bed, is in fact gaining in popularity. A raised Bed Garden needs space than traditional gardening methods, and is more productive if utilised properly. Compared to conventional gardening methods, this is indeed "gardening the easy way." Book 3: Raised Bed Gardening - Making The Most Of A Raised Bed A follow-up on 'Raised Bed Gardening - Growing the easy way' This is a stand-alone book, that goes into more detail with perhaps more emphasis on construction and crop rotation; in fact 'How to get the most out of your raised bed garden' describes it fairly well I think! Check out my blog planterspost.com for more general gardening tips and information.
