Sabbat Cooking ~ Samhain *Now Available!* By Stacy Evans. Sabbat meals can tend to get boring - the same food served year after year. It can be hard to find new recipes for Sabbats, knowing that most of them come from the same sources and end up being so similar that no one notices anything changed! This Samhain eBook contains recipes for appetizers, side dishes, mains, and desserts, as well as recipes suitable for breakfast and lunch.

Included are the magickal properties in many of the ingredients, as well as ways to utilise them while cooking. This interesting seasonal cookbook is a wonderful addition to any collection. 'Sabbat Cooking ~ Samhain' is the first of eight cookbooks in the 'Sabbat Cooking' series. Available in PDF, EPUB (Nook, Kobo, Sony and Apple iPad/iBooks) and MOBI (Kindle, Kindle apps, Kobo) from Wyrddwood Publications.
