A tropical climate. A torrid affair.

A treacherous game. Forensic auditor Jean Willis is excited to be in Thailand. Not only is she traveling for the first time, she's going to meet the perfect man—perfect on paper at least. Clark Peterson and his company are poised for greatness. For once, Clark Petersen dares to raise his hopes. An investor for his beleaguered rubber plantation is bringing an auditor. But when he meets her, the tug on his heart is more than he can stand. But when scientist George Liew sees them drawing closer, he gets his chance. While they're occupied with each other, he works on his real mission. Jungle Fever is a standalone, adventure romance in the Passage to Passion collection.

If you like an uber alpha, a sweet heroine, and lots of exotic action—along with steamy romance—you're in the right place
