His sex appeal wouldn't sway her... Lisa Baynard's life had been relatively peaceful until famous TV star Matt Wolfe bought the neighboring mansion, Storm Dance. Not only did he plan to renovate the old house, but he wanted to intrude into her life; to upset her relationship with her longtime boyfriend, Peter, and add her to his list of female conquests.

His sophisticated world was not for Lisa. And she had no desire whatsoever to compete with his glamorous actress friend, Livia Marlowe. Matt was attractive, Lisa admitted, but she knew that wasn't everything!
