A bottle of tequila 10 lime wedges 1 sexy blonde Add in a crazy Vegas weekend Lick and Swallow. What do you get? A recipe for disaster. Titan Last night I got married. I think. I'm not exactly sure. I was drunk off my ass, so it's not exactly crystal clear. But, I woke up with a ring on my finger, a marriage certificate, and a sneaking suspicion I had a wild wedding night. Oh, and a bride who is long gone. Apparently, what happens in Vegas doesn't always stay here. Sometimes it takes off running.

But a runaway bride is the least of my problems.

Now I'm chasing after my runaway bride with divorce on my mind. What could go wrong? Besides everything.

This is book 3 in the series, but is self-contained and can be read as a standalone. HEA inside and absolutely no cheating of any kind.
