Dinosaurs, the first and only real-life giant reptiles of our world, never cease to amaze. We obsess about them as children and continue to be fascinated even as adults. This book gives shape to a dream every dinosaur lover has whimsically had: what if dinosaurs were alive today? What would our world be like? Using extensive research, dinosaur experts have put together an amazing range of dinosaur interaction scenarios. Incredible images of photo-realistic dinosaurs are blended with distinctive photography, and fact-packed pages explore all aspects of dinosaur research, from their extinction to the latest fossil discoveries. Even kids who may think they're outgrowing dinosaurs won't be able to resist this extraordinary journey across oceans, skies, and land to find out if dinosaurs could live in our world.
