[Infinite Possibility: How to Use the Ideas of Neville Goddard to Create the Life You Want.epub](#)

An immensely practical, hands-on journey through the techniques of the most radical mystical figure of the last century, Neville Goddard, who taught that your mind is God. This fresh take from a powerful new voice appeals to the growing audience around Neville. "According to Neville, there is only one power in the universe out of which all things emanate.

Not a 'good' source and a separate 'evil' one, but one universal source bending in obedience to the creative will of men and women everywhere. The how remains a mystery; but this eternal fact is nonethe true. As soon as I was able to feel and accept this to be true, I was free." --Katherine Jegede Growing up in London, Katherine Jegede was always searching for a philosophy to make sense of life. When she found the mind-as-creator philosophy of Neville Goddard, she thought she had found it. Falling victim to a terrible crime, however, caused Jegede to rethink everything she thought she knew. Rather than abandoning Neville's ideas, however, she discovered within them a new source of strength and fortitude. She not only rebounded from her crisis, but also used Neville's creative-mind principles to become a television presenter, something she had never before imagined possible. In this primer and introduction to Neville's methods, Jegede powerfully guides the reader through his techniques--and explains how to apply them, now, in your life.
