When Andrea and Jerry Porter find themselves stuck on a 10-day cruise to the Bahamas that neither can get out of, only days before signing divorce papers, they decide to go as singles. Jerry's ready to sow his wild middle-aged oats, and Andrea fancies a shipboard romance to put some spice back into her life. But whereas Jerry learns by day two that the single scene isn't for him, by the time Andrea figures it out she's lured into a drug smuggling scheme by the smooth-talking Italian with the bedroom eyes who'd singled her out for flattery the first day aboard, and neither she nor Jerry could have ever predicted the dangerous chain of events to follow. But that's also when Jerry and Andrea at last face the truth behind what's really driving them apart.

Note: This book has been titled 'Suddenly Single', 'One Hot Hunk', and 'The Love Boat Conspiracy'. It is difficult to determine which was the original title.
