This new edition of a highly successful pronunciation text covers all of the speech sounds of North American English, as well as spelling, intonation, and stress. Pronunciation Pairs offers a variety of exercises and activities, from very controlled minimal pair and listening discrimination tasks to dialogs, games, puzzles, and guided conversations. The Pronunciation Pairs, Second Edition, Student's Book has updated dialogs, which include current and useful vocabulary. Hundreds of simple, clear illustrations help students understand the dialogs and vocabulary. An audio CD with selections from the complete class audio program is included in the back of the Student's Book.
