Jessica can't believe it! Her idol, rock star Jamie Peters, has moved to Sweet Valley. If only she could meet him, her career as a 'star' would really take off! Peeking through the bushes bordering his estate, hoping to find a way to talk to him, Jessica sees something shocking. Andrea Slade, the quiet new girl at Sweet Valley High, is lounging by the pool with Jamie - and she's acting as if they are more than just good friends. Could a sixteen-year-old nobody like Andrea really be a rock star's girlfriend?
