Playing dress up can be sexy, can rev up even the dullest sex life. In Julia Talbot's *With or Without the Costume*, Chaz isn't sure he wants to take on the creepy costume thing at Mardi Gras, but he knows he likes cowboy trappings enough to make it work. In *The Party* by Vic Winter, Ricky's looking for love at the university's GLBT club's "Pairs Party". He's dressed up as Robin, the Boy Wonder. Will he find a Batman of his own or is he destined to be alone? Syd McGinley gives us *The Wrong Customs*. After being trained by Dr. Fell, Tommy finally has an owner all to himself. Katashi Tanaka lets him design costumes and study their shared Japanese heritage, but Tommy keeps misunderstanding his intentions. Can Tommy figure out how to please his master, and make his new role fit right? See what the boys get into today!
