Best friends Chloe and Chanel leave behind their southern Alabama roots and head for the bright lights of Miami to attend graduate school. When they both become interns with the local professional football team, the Miami Marauders, unexpected romance becomes part of their game plan. Chloe meets and begins to date the charming star quarterback, Colin. Chanel also finds romance with eligible bachelor Eric.

But soon both women face threats to their budding relationships. Colin's ex-girlfriend resurfaces, and he suddenly becomes cool and distant, keeping Chloe at arm's length. Meanwhile, Chanel begins receiving disturbing text messages from an anonymous stalker. Is it Chanel's ex-boyfriend or someone from Eric's past—and will the answer destroy or strengthen their love? Will Chloe fight for her dream relationship with Colin, or give in to her feelings of abandonment and insecurity and walk away?
