English for the Energy Industry is an ideal short course for anyone who needs English to communicate with colleagues and business contacts in the energy industry sector. English for the Energy Industry is part of the Express Series. It is an ideal course for students in employment, who want to communicate better in English. This short, intensive course can be completed in 25-30 hours, so students make progress quickly. English for the Energy Industry can be used as a stand-alone course, for self-study using the interactive MultiROM, or alongside a coursebook such as International Express.
